

Ashdale Secondary College

General Enrolment

GENERAL INFORMATION

A parent/guardian applying to enrol a child in a government school should complete this form. Only permanent residents of Australia and those children holding an approved visa subclass number are eligible to be enrolled in government schools.

This is an Expression of Interest only - submitting this form to the school does not mean that an enrolment has been accepted by the school. The Principal will firstly need to determine if there is classroom accommodation and whether an appropriate educational program and health care can be provided for your child at the school. In determining whether an appropriate educational program and health care can be provided for your child at the school, the Principal will need to fully consider the information provided in Section 3 on the form.

NB: It is a requirement of the Department of Education that any information on suspensions and exclusions must be provided to the school at the time of applying to enrol a child. This information will help the school to provide your child with the appropriate support, if required. Children currently under suspension from a government school cannot be enrolled at another government school until the suspension period is over. Children who have previously been suspended or excluded from a government school may be required to enter into a behaviour management agreement with the school if enrolment is accepted.

TRANSPORT

If you are applying to attend a school other than your local school, transport will be your responsibility. All enquiries regarding bus services should be directed to the Department of Transport.

APPEALS

Should you disagree with the school's decision regarding your "Expression of Interest" you can appeal to the North Metropolitan Regional Office (NMREO).

The NMREO will then seek to verify whether the process for managing the enrolment decision at the school complied with departmental policies and guidelines. Prior to submitting an appeal, it is recommended that you contact the Principal or the Manager District Operations at the NMREO to discuss your grievance informally. Appeal forms are available from either the school or the NMREO.

For parents of students with a disability - If you remain dissatisfied with the decision about placement of your child, you may request an independent review of the decision. You should put your request in writing to the Director General, through the relevant District Director. A Disabilities Advisory Panel will be convened to review the placement decision. An opportunity will be provided by the panel for you to present your case. The District Director will be able to provide you with detailed information about the panel.

CONFIDENTIALITY

All information provided on this form will be treated confidentially. Section 242 of the *School Education Act 1999* and the Department of Education *Information Privacy and Security Policy 2001* preclude this information from being used for any purpose other than:

- to determine whether your expression of interest can be accepted;
- to assist the school with addressing any needs for your child if enrolment is accepted; and
- to comply with legal requirements or ministerial directions.

Ashdale Secondary College

Expression of Interest checklist
