

July 2020 Revision Program

Overview

Ashdale Secondary College is proud to announce the establishment of academic support programs to assist all secondary students living in the northern corridor.

These classes offer students a quality revision program that will better equip them for the assessment they will encounter in term 3. For ATAR students they offer a comprehensive, structured exam preparation program that will prepare them for their final school exams.

Physical and Virtual Classrooms

There will be the opportunity to participate in these Revision and Exam Preparation Programs online in virtual classrooms and in physical classrooms on the Ashdale Secondary College campus, which is located at 75 Westport Parade Darch.

A Successful Program

The evaluations from previous MMA programs are available to the public. The student feedback demonstrates that these classes are an academically superior product which successfully improves students' understanding of the syllabus and ultimately their performance in exams. To view the students' evaluations of past courses see 'Program Feedback' at mastermindaustralia.com.au.

About our Tutors

The staff engaged to deliver these classes are experienced subject specialists. Some are heads of department, others are senior teachers and most have marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent.

Program includes:

Essay Writing (online): The essay writing program consists of 5 hours of teaching over five days. It re-teaches the structure of a critical essay and reinforces the importance of constructing a sound thesis and topic sentences, and revises how to include evidence to justify these claims.

Study Skills (online): This program contains 5 hours of teaching over five days. It focuses on units such as exam techniques, stress management, goal setting and time management.

Subject Revision: – 10 hours of teaching: The foundation of the program focusses on re-teaching and revising the specific syllabus areas that will be assessed in exams.

Exam Preparation: The classes focus on the revision of topics followed by a discussion on how this material is assessed in exam style questions. There is sufficient time within the program for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own answers. All the teachers involved in this program have significant marking experience and know what needs to be addressed to ensure students meet with success in exams.

JULY 2020

Exam Preparation Program

- ✓ Face-to-Face in Physical Classrooms
- ✓ Online in Virtual Classrooms
- ✓ Subject Revision
- ✓ Exam Preparation
